CURRICULAR ASPECTS	
1.1 - Curricular Planning and Implementation	
1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process	
<p>At the beginning of each academic session, the current prospectus is given to students in order to make them aware of the history and previous accomplishments of the institution. All the departments responsibly ensured that their respective students get a tentative idea of how the different texts and topics of the syllabus will be approached in the online classes. All the necessary information like teaching plans, class routine, other important notices like the schedule of tutorials were provided to students in due time. The orientation for the newly admitted students was conducted by each department. Departmental meetings were conducted regarding syllabus distribution, completion of syllabus and conduction of internal and University examination. Internal assessment is conducted centrally. Attendance record of students is collected from the respective departments by the exam cell of the college. The institution also has active NCC and NSS students.</p>

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Keeping in mind a well-planned system of curriculum implementation the academic calendar is prepared at the beginning of the academic session. Following the academic calendar of the affiliated university tentative dates of admission, commencement of classes, internal examinations and final examinations are incorporated in the academic calendar of the college. The college goes back to this calendar from time to time to notify the various dates of academic activities as already mentioned above. This academic calendar becomes a helping tool to the faculty members who prepare their respective teaching plans according to it. Heads of the different departments ensures the completion of the syllabus according to the teaching plan. Internal examinations and assignments are part of the continuous internal evaluation of students. Teachers give assignments to their students following the teaching plan of respective departments. The internal examinations are conducted according to the academic calendar of the college. All academic activities got delayed specifically in this year due to the pandemic; hence the academic calendar needs to be revised.

1.3 - Curriculum Enrichment**1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

Our affiliated university, Vidyasagar University, has already included Environmental Studies as one of the Ability Enhancement Compulsory Courses (AECC) in all the undergraduate level. Following the syllabus of our affiliated university all the students of our college have to study these crosscutting issues which are related to environment and sustainability. Besides, this extremely pertinent issue of environment, students are also made to study other socially relevant topics like gender, human rights, women empowerment, soft skills, business ethics, professional ethics and the likes in the syllabi of different subjects like English, Philosophy, Political Science and Education to name a few. These crosscutting issues are included primarily in the Skill Enhancement Course (SEC), Generic Elective (GE) and Discipline Specific Elective (DSE) course of our college. Besides this in this session some relevant seminars like "Save the Girl Child", "Violence Against Women: Social and Ethical Concerns and the Way Forward" etc. were held.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The IQAC ensures a systematic gradation of students which enables the departments to differentiate between the students who are academically advanced and those who are weak. The individual departments organize screening tests through which they can identify the advanced and weak students and evaluate their academic abilities. On the basis of this they evaluate and grade the students. The method/procedure of this aforesaid screening test is based on the demands and specificities of the individual departments. But the general procedure, like distribution of marks and pattern of questions, of the screening test of all the departments remain similar.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

One of the primary objectives of the IQAC is to ensure that all academic activities enrich the students in their learning process. All the departmental teachers are encouraged to assess and evaluate

their respective students through varied ways like home assignments, textual analysis, quiz contests, group discussion and class seminars to name a few. In each laboratory room there are arrangements for board work needed for discussion on the theoretical background of the experiment.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

All the departmental teachers are encouraged to use ICT tools to help students in a better way in their learning process. The use of ICT tools is being implemented as an established practice despite the limited access to ICT tools due to our geographic location in a semi-rural area. The college with the help of IQAC has organized different training programmes to make the teachers conversant with ICT tools. IQAC has made it a point to create Whatsapp groups for each department and for each semester. In these groups study materials were provided by the respective teachers. The purpose is to circulate all the relevant matters like class routine, evaluation notices, study materials and the likes. Google Classroom has been created for all subjects and semesters which has no doubt, improved the learning process as a whole. The college website also has a section that uploads study materials regularly for the easy access to students.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college follows a transparent evaluation system and each and every department is strictly guided to do so. Some differences in the evaluation system may be perceived due to methodology specific variations. Students are strictly evaluated on the basis of what has been taught in class. Sometimes, to examine the analytical skills of students, 'trick questions' are given and students are always informed beforehand about the possibility of such questions in the class. The college also motivates its various departments to go through a continuous evaluation process, in place of the traditional examinations, and keep a track of the progress of the students. Teachers of our college always provide a helping hand to assuage the various queries and anxieties of the students. Teachers make sure that all grievances of students are heard and mitigated through proper explanation and discussion. Many departmental teachers make it a point to discuss with students about the errors they commit in their internal evaluations so that they can rectify them properly.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The college always tries its level best to remain flawless in its execution of all official matters but to err is to human. In rare cases when unintentional human errors crop up the IQAC takes the onus to prevent such unfortunate incidents. When any such inadvertent mistakes are reported the honorable TIC is immediately informed and he takes up the matter through proper channel with the affiliated university. He ensures that it is resolved within four weeks from the report of the same. Students having low attendance

are warned beforehand so that they can obtain the required percentage of attendance required by the university.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

With the implementation of the CBCS several academic meetings have been organized to understand the specific needs of this model. It was decided that if the need arises, then the affiliated university teachers would be approached to for clarifications and comprehension of this model. Given the time constraint and the differently configured syllabus of the new model it was decided that there would be an awareness initiative for each semester at the beginning of the session. The emphasis is primarily given to the first semester students because for them the transition from school to college is more pronounced. In this awareness initiative session or the orientation session the students acclimatized with the various methods and structures of the CBCS. Besides, the specifics of the syllabus, the course outcome, opportunities of the course and such other relevant topics are discussed and explained in detail.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Once the academic session in each semester nears its end the Academic sub-committee of the college meets and the HODs discuss the progress of the syllabus across the departments and other relevant issues related to the outcome of the courses. The departments have a good deal of autonomy in deciding their course works as deemed fit by the affiliated university. The HODs also prepare and submit a

report to the convenor of the Academic sub-committee regarding the course outcome. The outgoing students also provide a feedback through a Google form. Their feedback is circulated among the concerned teachers, the IQAC Coordinator and the convenor.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The college feels extremely honoured to announce that it has twenty four departments offering UG courses. Each and every department has their own respective internet enabled computer arena. With the help of the master routine the college administration has been able to allot classrooms with proper seating arrangements for both students and teachers and each classroom has blackboard to facilitate the teaching learning process. Laboratory based departments have proper equipment to conduct their laboratory works. Records of all equipment are maintained in such a way that they can be easily accessed and back up of the records are also kept. The computer lab of the college with internet gives access to students whenever they require it. In case of PG departments one classroom has ICT facilities in order to boost the digital opportunities of the globalized age. Moreover, the N-List programme helps students and teachers download e-book and e-resources from the different sites and this no doubt enriches the total teaching learning experience of both students and teachers. All the departments of the college maintain their respective departmental libraries which helps students in a larger way. College provides free wifi connection to all students.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Ensuring of proper administration entails a structured system for the maintenance of infrastructural, academic and support facilities that include laboratory, library, sports, computers, classrooms and seminar halls. College administration always tries to keep all the instruments in proper working condition. Immediate and effective steps are taken to repair or replace if any instrument malfunctions. All instruments and appliances related to sports are taken care of the Department of Physical Education. Regular maintenance is done for all the computers, printers, water coolers, aquaguards, wifi facilities and library automation software and servers. The accounts office, the bursar and the decentralized administrative committees look after the renewal of all such maintenance contracts and ensures that the smooth running of all these systems are prudently distributed among teachers, non-teaching staff and library officials. The Group-D staff manages the regular cleanliness of the classrooms and offices of the college. It is the responsibility of the laboratory assistants to maintain all the equipment in functional order.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

It has been maintained in our college to involve and engage students' representatives in the various important administrative and academic decision-making bodies like the Governing Body and the IQAC. The students' representatives perform important role in the decision making process and their suggestions are considered to be equally valuable. The inclusion of the students' representatives in various administrative and academic committees ensures a cordial and healthy environment among the teachers and students and it also provides a democratic ambience in the college. The students' representatives are involved in different cultural programmes and

celebrations that are a part of the college. In the different sports events that a college organises from time to time, the students' representatives are always included. In these various cultural programmes and sports events they perform the important duty of maintaining discipline and decorum in the celebrations. Students also active engage themselves in conducting seminars, workshops etc.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The College endeavours to promote education to all the youths in and around the vicinity of Bajkul. It tries to instil progressive mindset through the proliferation of education thereby provide a better living standard in the area. The college provides higher education to the ever growing young population of the place and thereby inculcates dreams and aspirations among the youths to rise in the social ladder. It also tries to maintain a democratic ambience so that all the stakeholders get the opportunity to participate and share their views in the administration. The Governing Body assigns authority to the Secretary and the TIC who in turn shares it with the various functionaries of the college. The heads of the different departments and conveners of the various committees along with the office staffs play an active and significant role in implementing the plans and strategies of the college. The teachers of the college perform the task of putting in to practice the vision and objectives of the college. All the teachers and non-teaching staffs of the college encourage the students to participate in extracurricular activities which help in the holistic development of the students.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The college administration takes honour in declaring that it has always tried to uphold the essentially democratic nature of the college. The institution follows a decentralised mechanism of administration keeping in mind the hugeness of the college and its varied departments in the humanities and science faculties. The heads of the departments are consigned with all the works related to their respective departments like distribution of syllabus, attendance related matters and the likes. The heads of every department reports to the Academic Committee. All the details and information are clarified through formal meetings in consultation with IQAC coordinator before conveying the same to the respected TIC. In rare instances if formal meetings cannot be held then the convener in consultation with the IQAC coordinator takes final decision in such matters. The library also follows the decentralised mechanism. Each department has their respective departmental libraries and there is also the central library. This two-tier library system helps in larger procurement of books and study materials for the students. There are thirty nine subcommittees to look after various important academic and other aspects of the college.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The institution aspires to be one of the leading centres of higher learning in the area and to fulfil its dream it ensures a participative management system where all the stakeholders are engaged. The important components of the structure of organisation entail the Governing Body, the Principal/TIC, Head of the Departments, Teaching and non-teaching staffs and the various committees. There is a system of reviewing of the strategies which in turn guides the academic aims and objectives and the financial plans of the college. There are a group of external members too in various committees who help in the overall functioning of the college and in sustaining the educational standard of the institution. The organisational hierarchy thus helps in decision making process. The various committees like the career Counselling, Student's Welfare, Anti-ragging, Research Cell, and Journal to mention a few provide further support and leadership to the college.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

IQAC takes different strategies for internal quality assurance in various aspects of the academic institution. Total 24 subjects are taught in the institution including UG and PG courses. More than three thousands and seven hundred students read in the college. The students come from rural or village areas. A significant part of the students are from poor financial background. Some students are first learner of their family. However, the college gets a large numbers of meritorious students. But our college has 38 full time teacher posts, 98 State Aided College Teachers and 44 non-teaching employees. To maintain such a large numbers of student strength in regular basis, to provide a good teaching-learning environment, to provide a good administration, for proper documentation of all the information IQAC in collaboration with College administration adopts various policies and performs various activities in institutional level. Most significant activities are, 1. Meeting with different sub-committees to know their observation about different academic and administrative problems. 2. Meeting with college administrative office staffs to know about their requirements in smooth running of the official work 3. Proper documentation of students data (application, admission, result and student progression, placement etc) 4. Career counselling for students 5. Inspection of class room and practical room facilities and initiatives to improve the facilities. 6. Observation on syllabus distribution, syllabus completion and internal assessment of all subjects. 7. Identification of weaker students and arrangement of remedial classes for them. 8. Meeting with all departments to analyse teaching-learning outcomes and to identification of any failure and also to take initiatives to overcome the problems.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college, from its initiation period, has always tried to uphold the idea of gender equity. The teachers of the college endeavour to help the students as mentors and guide them in any crisis, whether academic or personal. The girl student in a semi-rural area experiences early marriage leading to a rise in the rate of dropouts. In these cases, when the girl student approaches her departmental teachers the latter extend a helping hand by talking with the parents and solving the problem in a friendly way. The students also have access to meet the TIC.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Our college has a sprawling campus with a huge playground and garden all around it. The wastes that are collected are mainly solid and liquid ones. Dustbins are placed in every nook and corner of the college campus and also in each of the floors so that garbage can be dumped and easily disposed off by the waste management team. There is a vermicompost station where biodegradable wastes are disposed and used to convert it into organic fertilizer. There is a separate dumping station for glass waste. Particularly for chemical waste of chemistry laboratory there is a chemical waste dumping station. The liquid wastes get disposed through the underground pipeline into the outside drains. The college takes care to maintain cleanliness in a strict way. From time to time NSS units I,II, &III of the college organises Cleanliness Drive programmes to make both students and staffs understand the value of hygiene and cleanliness. We made some renovation of the above mentioned system.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Given the location of the college in one of the semi rural areas of

East Midnapur, where students primarily come from marginalised communities and are first generation learners, the departmental teachers have to put extra effort to alleviate the academic mind of the students. In this regard, our college teachers deserve special applause as they try their level best to inculcate analytical thinking and building of cogent arguments through classroom discussion and class presentation of topics/texts once taught in class. One distinctivitive feature of our college is we have I.T.I. course under the regulation of NCVT. This two years course was started in 2015 to satisfy local demand. At present there are 40 seats for fitter and 40 seats for electrician. We are proud to say that each year we conduct campus interview for this stream and to date students have almost 100% placement.
